

November 19, 2010

Mr. Chris Tymofichuk  
1 Gray Crescent  
Ottawa, ON K2K 3J5

Dear Chris,

An organization's ability to grow and improve is often dictated by the efforts of people who care about its cause. Our Foundation's mandate is to better the lives of the children, youth and families who rely on CHEO and you have helped us further our mandate with your donation of \$4,500.00, representing proceeds of the 2010 Logan's Heart of Champions Golf Tournament. Please extend sincere thanks to Logan's parents and the rest of your organizing committee.

The money you raised will help the doctors, nurses and staff at CHEO, specifically the Cardiology Unit, by providing the most up-to-date medical equipment and tools. Compared to an adult hospital, the medical tools required to treat children and tiny babies is vastly different in both size and, more importantly, expense. This makes community fundraising efforts even more vital for the health of our children. It's also nice to know that you are not only making a difference now, but also in the future. Donations also support ground breaking research being conducted at the CHEO Research Institute.

The communities of eastern Ontario and western Quebec feature some of the best family environments in the country. CHEO is a big part of our family-friendly region and so are you.

On behalf of the patients and staff at The Children's Hospital of Eastern Ontario, I thank you for your continued support. It truly does make a difference in the lives of children and youth.

Sincerely,

Norma Lamont  
Vice President, Community Development  
and Children's Miracle Network Director

PS It was great to see you all this afternoon.
